The agreement was for economic recognition. It's an enormous step. For you to complain now that you didn't get more is odd since you didn't raise a single concern or give a single idea to me. We need politicians who do more than just complain.

Pocket cards. So moving. Biden must have really liked those cards as he advocated for the Iraq war then helped Obama send our Iranian enemies cash after they killed 600 of us, start a new war in Libya, fail to w/draw from AFG after announcing a timeline & letting ISIS expand.

Colin Kahl @ColinKahl

When I worked for @JoeBiden, he had us produce a pocket card every day w/updated casualty figures from Afghanistan & Iraq. His son served. He understands the sacrifice our troops & their families make. He ends every speech, no matter the topic, with "May God protect our troops."

People have tuned out the daily vitriolic media.

Journalism is in a crisis.

Dan Bongino @dbongino

The media seems entirely unconcerned that they've burned so much credibility that each new fake "bombshell" about Trump lands with a thud. No one is listening to them anymore. They've lied so often, & so effortlessly, that large swaths of America have tuned them out.

According to this guy, the US doesn't get to react to policies we find dangerous. I find it offensive that you think the US cooperation must stay the same no matter what you do. We call that taking us for granted.

According to this guy, the US doesn't get to
react to policies we find dangerous. I find it
offensive that you think the US cooperation
must stay the same no matter what you do.
We call that taking us for granted.

LA Politics and Business

Handel och kommunikationer är ett par av de viktigaste byggstenarna för att gå
ifrån en kall fred till en varm fred. Detta är därför ett otroligt viktigt steg
i normaliseringen av relationerna mellan Kosovo och Serbien. Om detta avtal
fungerar som det är tänkt kommer handel och utökade personliga relationer att
bli en förutsättning för ett framtida ömsesidigt fredsavtal där Serbien kan erkänna Kosovo,
vilket skulle innebära slutet på en långdragen konflikt.

Jag vill därför nominera USA:s, Kosovos och Serbiens regeringar till Nobels
fredspris då dom med detta avtal försöker att utesteka risken för nya konflikter på
Balkan samtidigt som man närmare sig fred och ett ömsesidigt erkännande av
varandra.

Like many others, I condemn the execution of Navid Afkari. I also hold to the view that human rights constitute an important dimension of U.S. foreign policy. Nevertheless, I believe [@CFR_org](#) is correct to meet with Iran's foreign minister. Here is why:

Several individuals have written or spoken out publicly urging the Council on Foreign Relations to cancel its on-the-record meeting scheduled for September 21 with Iranian Foreign Minister Mohammad Javad Zarif, saying convening it would be wrong and inappropriate in the aftermath of the execution of Navid Afkari, an Iranian wrestling champion and democracy advocate, and other recent developments. I fully understand this perspective, but after careful consideration we have determined the meeting should take place. Canceling would establish a precedent and a standard that could preclude us hosting officials from a significant number of countries. I want to underscore that in no case does a CFR invitation to a government official or anyone else represent an endorsement or approval of a policy or argument. It is simply a recognition that senior government officials from countries central to U.S. foreign policy merit hearing out and engaging. Over the decades, CFR has hosted numerous leaders representing governments with policies many members and most American citizens objected to. Meetings organized by CFR give members the opportunity to challenge those with whom they do not agree and to ask the hard questions that leaders might not hear in other forums. A dialogue of this kind is consistent with CFR's commitment to nonpartisanship, independence and to its mission to help members and others better understand the world and the foreign policy choices facing the United States and other countries.

- Pelosi screaming at the hair salon owner.

Europeans trying to understand what is going in with Serbia Kosovo Peace Highways

- Maybe a misunderstanding but recently published list of Eu funded
- Highways & roads in Serbia does not included any of the Peace Highways
- 1 Peace Highway N1s in Pristina is not on list 2 Sarajevo - Belgrade not
- 3 Belgrade - Podgorica not on 4 Sarajevo - Pristina not on list? Why?

EVERY. SINGLE. ONE. of the "pro-LGBT" Supreme Court rulings was written by a Justice appointed by a Republican President.

The Left continues to attack Christianity and specifically Catholics.

Voters should take note.

@JoeBiden is silent because these are his supporters. He is controlled by anti-Catholic bigots. Scary.

Vanessa Grigoriadis @vanessagrigo

And if there aren't enough hours in the day for her to work and mother those kids, when she portrays herself as a home-centered Catholic who puts family over career, isn't she telling a lie?

Vanessa Grigoriadis @vanessagrgr

I guess one of the things I don't understand about Amy Comey Barrett is how a potential Supreme Court justice can also be a loving, present mom to seven kids? Is this like the Kardashians stuffing nannies in the closet and pretending they've drawn their own baths for their kids?

Thank you for your advice. The mental health of the American people should also be prioritized. And so should the health of the economy - which impacts every person directly.

Let's not be political - we must consider the entire health of society.

Lo!. You love the relevance I've given you
over the last 2 days. But you've proven your
blog site is fake news. You can't even
believe videos showing you are wrong.

Your sources are gossips and your
standards are laughable.

The DC media keep pretending like we don't have a voting by mail crisis.

They purposefully interchange absentee voting (someone specially requests a ballot) with mass ballots sent to people who didn't request the ballot.

Every Catholic, indeed every person of any faith, has to realize the left despises them and that the Democrats shelter this virulent bigotry and pretend it's something else. Catholics should vote accordingly, whether or not a Democrat is Catholic. The left controls the party.

Ed Morrissey @EdMorrissey

This argument **should** be read by all American Catholics as a warning about what's coming. And not just for Catholics, either.

The Times spends paragraphs throat-clearing about the importance of the story, which says they had trouble finding a newsworthy lede.

Trump wrote off his losses, now he's losing more by being president?

I want to see the scoop where they find the voter who changes his mind now.

I'm writing my post-debate commentary now so I can get other work done....so far I've got at least 3: 'Biden knocked it out of the park', 2: 'Biden was born for this moment', and a few 'Masterful', 'Game Over', and 'if this was a boxing match, they would have stopped it' sprinkled in. its best to do your work ahead of time when you can.

I'm happy with @realDonaldTrump's performance as President.

In researching my book, I delved into more than 160 anti-LGBT claims, but I also learned about Trump's larger policies.

I was impressed.
That's why I'm voting for him.

The DC media isn't smart enough to do
detailed Fact Checking beyond their typical
opinion pushing.

Fact: The US leads the world in the greatest
decline in emissions at 2.9% while
expanding the economy at 2.3%.

Sheldon Whitehouse wants to control the information released.

DC types don't want full transparency.

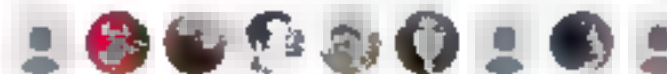

Transparency is never political.

Eli Lake ✓ @ELake

Sheldon Whitehouse is now whining about selective declassification. This gets it backwards. The FBI and the CIA were selectively disclosing information about Trump-Russia for the first two years of his presidency. This stuff is largely correcting a distorted record.

How do you know this? The only way to be certain is FOIA his DD214 and see what it says. An admin discharge can still be other than honorable. Semantics. Ask a vet if popping positive for drugs is honorable service...

1. The first part of the text discusses the importance of the "right" of the people to know the truth about the events of the past. It states that the government has a duty to provide this information to the public.

Figure 1 is a schematic diagram of the experimental setup. It shows a subject seated at a table, looking at a video screen. A video camera is positioned above the screen. A light source is positioned to the left of the screen. A target is positioned on the screen. The subject's hand is positioned near the target. The diagram illustrates the spatial arrangement of the subject, camera, screen, light source, and target.

He seems to have quite the memory when it comes to random/useless details, but wants us to believe that he doesn't

Russian propaganda has been and is still a problem. Everyone must be aware of Russian disinformation.

But it's not election interference. It's interference in discussions about policy issues.

China, however, is a crisis. Reporters who prioritize Russia over China are fools.

The entire story isn't true. And your response is scary - you don't believe the campaign denial nor mine. But claim you have some anonymous source. Do you realize how ridiculous you sound?

Brad Dayspring @BDayspring

Yes. In fact, beyond the multiple high-level sources who confirmed the story, we reached out to you several times prior to publishing. You didn't respond. We saw your comment and encourage you to point out, on record, what specific facts you believe to be incorrect. twitter.com/RichardGrenell.

Wouldn't be surprised if Merkel sides with China, Iran and Russia. At this hesitation by certain governments is more than concerning. Angela Merkel has run down our once pretty okay country and now says things like "Life for Germans will fundamentally change". I SAY WTF!??

CNN is cheerleading Covid. They celebrate the problem. It's way over emphasized. Like they did with Russia's propaganda.

It's Zucker's agenda.

Ari Fleischer ✓ @AriFleischer

CNN is giving extensive coverage to a spike in Covid cases in WI, then sounding an alarm about Trump's upcoming outdoor rally there. Not a word, not a peep, about the many street protests in WI and their impact on Covid spread. I guess only some outdoor events are problematic.

Yes, for instance, making sure those that are high risk are protected by everyone maintaining social distance and wearing masks. For the sake of everyone's mental health, avoiding death is usually number one on that list.

FOX cut Kristen Fisher's feed report from there, I assume due to the huge Trump support out there

With the Trump White House
situation, I am not sure if it is
the best time to be a reporter

Yikes. @JoeBiden doesn't understand time zones - schedules a call with Americans living overseas in the middle of the night.

That's what I thought. But if they did it at 7pm Irish time would be like 2pm his time

He likes stereotypes, so maybe he just assumed they would all be awake and drunk at midnight, and easier to convince

I'm flooded with people showing me pictures of ballots in California sent to dead people and people who moved years ago. Even foreign citizens like this.

@GavinNewsom doesn't care.

It's happening in @tedleu's district. This person on NextDoor says she got a ballot for her former Au Pair who isn't a citizen & hasn't lived there for 2 years

R.c., you really need to think seriously about running for office here in CA, Gov? This is great state and ought not to be deteriorating on the Dems

. @jessejensen is so close to flipping a House seat in Washington.

Let's help take back the House by supporting this key race. If you can, give him some financial support. This is a race we can win!

Let's make Kevin McCarthy the Speaker.

It's ridiculous that Pat's coming to my defense ends up with him being tarred by MAGA word as a homophobe. To be clear, I've known Grenell for nearly 20 years. As it happens, we both happen to be gay Republicans. He got on the Trump train; I didn't.

I've met you maybe twice. We haven't known each other for "20 years". I don't even have your phone number. I know nothing about you.

This is typical of the media's fake news statements.

. @JesseJensen2020 is so close to flipping a House seat in Washington.

Let's help take back the House by supporting this key race. If you can, give him some financial support. This is a race we can win!

Let's make Kevin McCarthy the Speaker.

Important thread. By escalating conflicts, hollowing out State, pulling out of agreements, alienating allies who could share burdens, and dismissing diplomacy, Trump is militarizing foreign policy and risking more wars.

Not true. The Welt story was wrong. But Business Insider, Reuters and others went with it anyway despite not having their own sources. Now everyone is back peddling.

There's more to the health of society than just this criteria.

The health of the economy and the mental of health of our citizens are just a few other considerations that should also be used.

In Washington's 8th Congressional District, [@RepKimSchrier](#) refuses to debate her opponent [@JesseJensen2020](#).

Why?

This is unAmerican. Rumors are that she doesn't want to be in Congress and hates the commute.

But refusing to debate is so weak!

The president should announce he will go to a stage in the designated city on the date, name a moderator, and invite Joe Biden to join him and to name a moderator, and simply bypass the [#NeverTrump](#) Debate Commission. It can be done safely. It should be done for the country.

Proof. @BarackObama @JoeBiden directed their administration to use the powers of government to attack @realDonaldTrump campaign and then transition.

What you never hear from CNN and the DC media crowd is that 17 US intelligence agencies issued a rare public statement making clear that Covid 19 started in China. And the secret Chinese Communist ways made the virus spread worse.

This is from US intelligence agencies.

Refusing to even consider another party's Supreme Court nomination because it occurred in the final year of a presidency' and then rushing through your own party's nomination in the final months of the next presidency is itself a form of court packing.

. @JoeBiden is playing word games. He now says he won't totally ban fracking - but it's clear he and @KamalaHarris want to limit it, make it harder to do, attack the science surrounding it and destroy its effectiveness. They have both said in the past they want to ban it.

Tyler loves Joe.

Tyler Pager  @tylerpager

An observation from inside the debate hall. Everyone in Biden's side of the hall is wearing a mask. More than half on Trump's side, including his four children, are not wearing masks. According to the Cleveland Clinic, it's a requirement that all guests wear masks.

I never watch ABC News with @DavidMuir but I just was trapped and did so.

Wow Are they ever biased, They are scaring people on Covid 19 by not giving death or survival percentage rates compared to positive rates.

Every story was negative towards GOP. They mocked Mark Meadows and ACB for taking off their masks to speak - while never mentioning that every Democrat did it too.

@TerryMoran @DavidMuir
@marykbruce don't even realize how biased they've become.

It's a crisis in media.

A few facts that Samantha Power fails to make clear because she's always about politics first:

- US intel concluded China was to blame for Covid.
- the percentage of death from Covid is hidden by partisans because it's very low.
- Democrats are shutting down the economy.

"Sexual preference," a term used by Justice Barrett, is offensive and outdated. The term implies sexuality is a choice. It is not. News organizations should not repeat Justice Barrett's words without providing that important context.

So true. Being offended by the use of the term "sexual preference" in this context is fringe activism - and just how the gay left works.

We should thank anyone who commits to NOT discriminate.

But Pete has work to do with the radical gay left so he plays their victim card.

The ENTIRE point of "unmasking" is that you literally don't know who the person is...that's why you make the request to find out the identity. So *by definition* no one could have been deliberately "targeting" Trump officials...how does he not understand this?

Charlotte Clymer @cmclymer

This is, of course, untrue, but to people like Donald Trump and Richard Grenell who barricade themselves in rhetorical safe spaces most of the time, it's unsurprising they'd feel attacked when getting a damn good question and follow-up. twitter.com/RichardGrenell.

I'll take Things That Never Happened for \$600, Alex.

Biden: I will flat-out just change the law. Eliminate those executive orders, number one. You may recall, I'm the guy who said — I was raised by a man who, I remember, I was being dropped off, my dad was a high school-educated, well-read man who was a really decent guy, and I was being dropped off to get an application in the center of our city, Wilmington, Delaware, the corporate capital of the world at the time, and these two men are getting out to get an application to be a lifeguard in the African-American community, because there was a big swimming pool complex. And these two men, well-dressed, leaned up and hugged one another and kissed one another. I'm getting out of the car at the light, and I turned to my dad, and my dad looked at me, he said, "Joey, it's simple. They love each other." The idea that an 8-year-old child, a 10-year-old child, decides, you know, "I want to be transgender, that's what I think I'd like to be, it'd make my life a lot easier" — there should be zero discrimination. And what's happening is, too many transgender women of color are being murdered. They're being murdered. I mean, I think it's up to now 17, don't hold me to that number. But — it's higher now?

I didn't say that you suggested that it was illegal. It was just a piece of information that without any context sounds nefarious, especially when people like Rand Paul immediately started claiming it was the same as "legally wiretapping" [foxnews.com/media/rand-paul](https://www.foxnews.com/media/rand-paul).

"I think this is astonishing that Vice President Biden and really all of President Obama's inner circle individually were requesting the unmasking of a political opponent," Paul told "Your World with Neil Cavuto." "You remember there was a whole to-do about trying to impeach a president, saying that we're using the power of government to go after a political opponent?"

"This is a smoking gun if there ever was one that Vice President Biden was using the power of government, abusing that power to go after a political opponent," Paul added. "Essentially, unmasking someone is the equivalent of illegally wiretapping them."

Dude You work for the most nakedly, openly corrupt president in at least the last century. Hands down, and it's not even close.

He has funneled MILLIONS of taxpayer dollars to himself, he openly solicits money from foreign and domestic lobbyists.

Your bullying "you're an activist not a journalist" nonsense may work with some. It's not going to work with me.

It's really interesting that whenever something comes out, they say it's the Russians, while in this case it's Hunter's laptop and no one is disputing the validity of the content published. The main story here is the content, all other stuff is the diversion from Hunter's doings.

There's no doubt anymore. The Obama/Biden regime was, by far, the most corrupt administration in the history of the United States. There isn't even a close second. What they did to this country is disgusting, and it should serve as a troubling cautionary tale.

Hunter Biden admits he has to make money for the entire family! This is why we see emails talking about 10% for "The Big Guy".

This is NOT something @IgnatiusPost intended - he was covering for Joe Biden with a sympathetic spin, as usual.

Explosive admission from @IgnatiusPost article spinning for Biden: "Biden responded poignantly about his need for income, the consultant recalls. "My mom and dad don't have money. Beau [Hunter's brother, now deceased] will run for office. I have to make money for the family.""

Hunter Biden admits he has to make money for the entire family! This is why we see emails talking about 10% for "The Big Guy"

This is NOT something @IgnatiusPost intended - he was covering for Joe Biden with a sympathetic spin, as usual

But Hunter admits his plan

Schiff continues to manipulate intelligence for his political gain.

He has crossed another line.

Sean Davis @seanmdav

From a senior U.S. Intel official I spoke with this morning, "Ratcliffe is 100% correct. There is no intelligence at this time to support Schiff's statement that recent stories on the Biden's foreign business dealings are part of a smear campaign that 'comes from the Kremlin.'"

Our leadership isn't exactly trusted around the world right now, have you seen how our leaders are attacking NATO? What does it say when our allies trust China more than they trust the USA? It means we are like Russia now. Just keeping it real.

Once tariffs/reciprocity are dropped (maybe this week?), then Dialogue begins in earnest. I've spoken with leaders in Serbia and Kosovo to make clear they must start building confidence today in preparation - and they've committed to do so. More to come soon.

Hashim Thaçi ✓ @HashimThaciRKS

Next week I'll take the final constitutional steps to enable the formation of a new Government w/ full legitimacy from Parliament, capable to fight #COVID19 and serve the people. Tariffs & reciprocity need to be dropped in order to strengthen USA & EU support for Kosovo.

Is there a single journalist willing to say with a straight face they believe the emails relating to the Bidens are either fabricated or otherwise fraudulently altered, but the Bidens just aren't saying so? There has to be some limits to your willingness to go to bat for them.

 When you report a huge archive, there's no way to prove the negative that none of it is a tered. You investigate & confirm as much as you can, then use your journalistic judgment. The only way you get confirmation is when the subjects of the reporting don't deny the authenticity

Hunter selling access to Joe Biden has been happening for a while.

From 2001 to 2005, MBNA paid Hunter "consulting" fees while his father was backing a bill MBNA wanted.

What a coincidence, the payments stopped in 2005, which was when the bill passed.

It is inconceivable Joe Biden had no idea how deeply involved his son and his brothers were in making money around the world. Millions and millions of dollars involved and in Hunter's case some amazingly high living that had to be obvious to Joe. Great question for debate.

COACH BOBBY BOWDEN RELEASES STATEMENT ON BEATING COVID-19

FOR IMMEDIATE RELEASE
OCT 21, 2020

Contact: Tommy Bowden
Phone: (864) 903-1691
Email: Office@tbowden.com

TALLAHASSEE, Fla. — Today Coach Bobby Bowden released the following statement on defeating Covid-19 that included an important message for all Americans.

"I want to thank all the many, many people who were thinking of and praying for me over the last few weeks. I just went through a battle with Covid-19, and God just wasn't ready to take me Home yet to be with Him.

"Most of you know I'm 81 years old, and the fight was tough. But thanks to the help of Dr. Michael Fortin, and the support of Ann and all my children, I beat it.

"I've had the chance to get a lot of wins in my life, but I really wanted to win this one because I wanted to be around to vote for President Trump.

"I have always said that the only thing you can take to Heaven with you is your love, and for 71 years of marriage, Ann and I have tried to live our lives and share our Christian Faith with them so that one day we will all be there together.

"But until that time, we are here on earth, and America is the greatest country this side of heaven. We have the freedom to pursue our faith in God, our dreams for our career, and our love for our families. For too long now politicians in Washington have run America down and apologized for our greatness. I'm tired of it.

"Like President Trump, I had the opportunity to be treated for Covid-19 with drugs to include Remdesivir. At the age of 81, in many other countries, might not have even been treated. In America, I was.

"The one thing that all of us parents and grandparents can do for our children and grandchildren in these next couple of weeks is vote. We have to get out and vote for President Trump because re-electing him is our only chance to leave the next generation with the same heritage, beliefs, and opportunities that Ann and I had and that many of you had.

This isn't true. Why is everything from @nahaltoosi always anti-Republican?!

There are lots of career FSOs concerned about the growing anti-Semitism (and pro-Iranian regime positions) of the large NGOs.

John Hudson @JohnHudson

NEW: The Trump administration is considering labeling top human rights groups such as @HRW "anti-Semitic." Career officials are pushing back calling it a gift to authoritarian governments who oppose the groups. These changes are beyond policy disagreements. They want to fundamentally alter the form and function of our government so that policy disagreements are irrelevant.

It's pointless to talk about the character of our leaders, tax rates, abortion, education, health care... None of it means anything once you alter the actual structure of our government and application of our rights.

Trump's campaign's @RichardGrenel just held a press call & refused to answer any question about Biden's emails.

Then, seemingly out of nowhere, he accused an NPR reporter of being "homophobic" when she asked about tonight's debate

An underrated moment of tonight was Biden claiming "nobody lost their coverage under Obamacare"—a falsehood so brazen it's almost stunning. Millions lost their coverage. Even Politifact awarded the same claim "Lie of the Year" in 2013.

Ridiculous. The Left is against IDs to vote. Why? Who are they trying to protect? IDs are required everywhere.

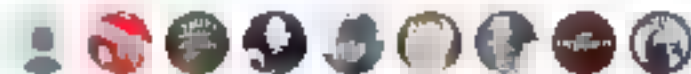

An overwhelmingly number of Americans think its weird that they don't need IDs to vote.

It is deeply disturbing that - virtually everywhere - the concerted litigation strategy of the GOP is to make sure that fewer votes count. The strategy goes far, far beyond any legitimate concern about fraud

Why won't twitter just unlock their account?
It would take 1 second.

Jake Tapper ✓ @aketapper

Since twitter has locked out the NYPost for violating rules that no longer stand as rules (but twitter won't revisit past enforcement decisions) the NY Post COULD end this standoff by deleting the tweets that broke the rules (thus unlocking its account) then tweet them out again.

They also see the bias in ignoring it to help Joe Biden.

Joe Biden repeatedly said he "never" discussed Hunter Biden's foreign business dealings with h.m. Tony Bobolinsk provides a great deal of evidence that this was not true. That's a major story, even if the foreign business dealings didn't involve the country's primary adversary

This is very troubling. The Susan Rice email to herself clearly didn't give an accurate portrayal of the meeting. The "right people" is fundamentally different than "by the book".

To family & friends of LGBT ppl telling you you can't vote Trump if u love them... this is an emotional reaction stemming from media-driven fear. It's manipulation u can't give in to- like an addict saying, "if you loved me you'd let me use".
You MUST vote Trump if you love them.

In 2012, when Republicans lost, we took a hard look at why. The media did too. It was hard to believe/accept our mistakes.

In 2016, when Democrats lost, they blamed Russia. And so did the media. Democrats have never looked at (or accepted) why they actually lost.

So there has been a lot of bluster, from pollsters and pundits, about what we should expect tomorrow.

The picture showed Biden unmasked on a plane...inside, in close quarters. If you have a picture of him not wearing a mask on a plane this week, that's a big deal. Otherwise as former Dir of Intelligence, I'd at least correct the post for your followers.

We count every LEGAL vote.

California sent ballots to dead people, illegal immigrants, & people who moved out of state a long time ago. Those aren't legal votes.

We need to require an ID to vote. It's suspect that people would advocate for voting *without* an ID.

Democrats who say "count every ballot" instead of "count every legal ballot" are trying to stuff the ballot box with illegal votes.

They want more time to do it - so they are trying to extend deadlines.

We need voting with IDs.

AZ early am update. Maricopa County overnight was a pickup of ~50,000 votes for Trump. Biden lead is now ~90k with ~520k ballots out there. A 60-40 Trump split of those ballots would put Trump ahead by ~10k. Trump has been winning the count 60-40 or better since late last night.

Count ***every*** LEGAL vote.

Democrats recklessly pushed ballots to dead people and non-residents - and now want to count every ballot without checking if its LEGAL.

What are they afraid of by checking the legal status?! Losing fair and square!

We just finished a press conference announcing a federal lawsuit to stop counting illegal ballots in Nevada.

Clark County officials must start answering questions as to why.

We demand transparency.

Fake news. I also said these are good questions that should be asked of those counting the illegal ballots - Clark County officials.

You purposefully leave out half my answers.

Truly shameful.

To date we still have not been able to observe mail-in signature matches. Hundreds of thousands of votes came through this process. They are counting 99% of these votes which is impossible given the fact that this is our first time and we have unclear rolls.

Joe Gloria, a Clark County election official, just lied.

He first said he has received no claims of election voting violations, and then when confronted with an example, he says he dealt with this woman and says she's lying.

Joe Gloria, a Clark County election official, says he cannot guarantee there isn't fraud in Nevada voting.

And he isn't allowing Trump team access to watch signature verification.

We are concerned they are counting illegal ballots - and not just LEGAL votes.
